REQUEST FOR PROPOSALS

NO. RFP/DMHSA-020-09

REHABILITATION SERVICES

The Department of Mental Health and Substance Abuse is requesting the contractual services of non-profit organizations currently providing alcohol and other drugs (AOD) services that will assist with expanding Guam's capacity to serve individuals needing substance abuse treatment through targeted growth in community-based services. One award will be issued for each of the targeted groups: adult men, adult women and adolescents. Organizations interested in bidding for this project may submit proposals that are directed towards one or more of the targeted groups. Applicants must be experienced with each level of care specified by the American Society of Addiction Medicine (ASAM) patient placement criteria, with the exclusion of Level IV Medically Managed 24-hour Intensive Inpatient. This project puts into action DMHSA's Strategic Planning goals to build capacity in the community for substance abuse services, and provide consumer-centered and family-centered services that are culturally sensitive with the island community.

RFP packages may be picked up at the Department of Mental Health and Substance Abuse Office, located at 790 Governor Carlos G. Camacho Road, Tamuning, Guam, 96913 Monday through Wednesday, excluding holidays, between 8:00 a.m. and 5:00 p.m. The deadline for receipt of proposals is Friday, October 9, 2009, 3:00pm, Guam Standard Time. All proposals must be submitted to the attention of the Director, Department of Mental Health and Substance Abuse.

DMHSA shall have the right to reject all proposals or offers which have been submitted in response to this RFP, and/or cancel this RFP at any time, if the Director determines such to be in the interest of DMHSA and/or for whatever reason allowed by law and/or regulation, and/or for whatever reason whatsoever.
